

**דהיום** - תערוכת בוגרים : מעבדות מחקר  
התמחות אודות עיצוב, תכנית התואר השני  
בעיצוב תעשייתי  
במסגרת שבוע העיצוב בירושלים

19.12.2013, מתחם הנסן

King's College  
University of London  
Glass and Ceramics  
Department  
The Glass and Ceramics  
Department is a leading  
international centre for  
research and teaching  
in the field of glass and  
ceramics. It is part of  
the School of Earth and  
Atmospheric Sciences  
and is located in the  
Department of Earth and  
Atmospheric Sciences  
Building, Gower Street,  
London WC1E 6BT.  
For more information  
please contact:  
Dr. Peter Dorey  
Head of Department

THE PI SYMBOL  
The Greek letter pi (π) is a mathematical constant representing the ratio of a circle's circumference to its diameter. It is an irrational number, meaning it cannot be expressed as a simple fraction and its decimal representation never ends or repeats. Pi is approximately equal to 3.14159. The symbol π was first used by the Welsh mathematician William Jones in 1706. It is a fundamental constant in mathematics and science, appearing in various formulas and equations, including the area and circumference of circles, and in trigonometry and calculus.

Embroidery: A traditional craft involving the use of needles and thread to create designs on fabric. It has been practiced for thousands of years and is a popular hobby and profession. Embroidery can be done on various types of fabric and can range from simple geometric patterns to intricate, detailed designs. It is a versatile and creative art form that can be used to create a wide variety of items, from decorative pieces to functional objects.
