

**UI/UX Designer**  
**(maternity leave replacement with option)**

AutoLeadStar is a fast growing startup that develops AI-powered digital marketing solutions for the automotive industry. We are a global team of smart positive people and we are looking for a talented UI/UX designer to join our team.

The ideal candidate is passionate about creating a seamless, intuitive, beautiful web and mobile experience and knows how to take designs from concept to implementation. If you are creative, forward thinking, self-motivated, and excited about the opportunity to play a major role in our company's marketing growth, we would love to hear from you!

*This position is a replacement for maternity leave for a period of at least six months, with the possibility of an extension.*

**Responsibilities:**

- Collaborate with various teams including Product, Customer Success and Marketing to gather and evaluate user requirements
- Incorporating customer feedback, usage metrics and usability findings into design in order to enhance user experience
- Brainstorm ideas and create various creative models for review
- Coordinate design project management and execution
- Execute projects on tight schedules with multiple iterations
- Identify and troubleshoot UX problems

**The Person We're Looking For:**

- You have excellent communication skills and can clearly articulate your ideas, designs and suggestions
- You understand how to thrive in an engineering-driven culture and negotiate 2-way tradeoffs in development and design to deliver the best option for our clients
- You pay strong attention to details and have a keen eye for aesthetics
- You work effectively under time pressure using efficient time management and can deliver design work with minimal oversight

**Requirements:**

- Proven work experience as a UI/UX Designer or similar role- at least 2 years
- Portfolio of design projects

- Knowledge of Figma- a must
- Adobe Illustrator and Photoshop, Adobe After Effects, Adobe Premiere, Adobe InDesign, Sketch- nice to have
- Basic knowledge of HTML- advantage

**What we're offering:**

- Competitive salary and benefits
- Learning and growth opportunity within a fast paced tech startup environment
- An awesome team of forward thinking, innovative go-getters
- A hip open office space in the center of Talpiot, Jerusalem
- Lots of free coffee, snacks and 10Bis!
